SUBJECT

Estimate for Rs 2225/- for installing ~~from~~ four fire hydrants in certain places of Bangalore city

To,

The Md commissariat, Bangalore
through the DAG

Lr 11935 dt 8 6 43

states that the expenditure in connection with the —

From the ML Comm, Bkg. Hrs Pd
WO A3. 1708/4243 Dy 4-5-43
Requests Sanction to an estimate for Rs 2'2'25/- for Installing four fire hydrants in certain places in the city and also requests that necessary funds may be advanced by Govt as it is a war time measure
Subd The war section may also be consulted as to whether any money is available out of the funds allotted for ARP works

11/5 The Mcpl considers that in the interest of safety it is necessary that the fire hydrants should be installed at the earliest and that the Municipality should pay the charges for E D P at 12½% and the above estimated cost of Rs 2225 Timber is an inflammable material the need of it existing for us there whether during war or peace time in the interest of public safety the duty of the Mcpl is to make the necessary provision therefor In view of the finances of the Mcpl being low it would be necessary to make a contribution from the Govt equal to half the estimated cost of the entire amount cannot be met out of the funds allotted for A R P works. The war section

by p and I have to say
I consider it would be a
particular advantage on act A R P
funds if funds were
specifically allowed for such a
expenditure like

Sir, It does not appear to be as
legitimate charge on A R P as it is not as
air strike measure, but as intended to afford permanent
protection against accidental fires. As such it
is not proper that the Municipality should find the
necessary funds. Anyway the I G P may perhaps
be consulted. If agreed as a legitimate charge on
A R P and if funds are available for the purpose

Returned with Compliments

The cost of installing hydrants is a legitimate Charge on the municipal Funds, as it is the duty of Municipality to provide means either in war or peace time to quench accidental fires I do not think that expenditure of this nature can be met out of the A R P funds The argument of the municipality that the funds are low seems to be rather thin, in view of the fact that the cost required will not exceed about Rs 2300/ inclusive of the cost the Establishment charges &c this small amount the municipality can well afford for the purpose

BEM & MSG 3
10 MAY 1943
L. S. G. BRANCH

FROM P Suryanarayana Setti, Esq , B A , LL B ,
MUNICIPAL COMMISSIONER
*Bangalore City*

C Narayanaswamy Naidu, Esq , B A , B L ,
SECRETARY TO THE GOVERNMENT
OF HIS HIGHNESS THE MAHARAJA OF MYSORE
LAW DEPARTMENT BANGALORE

SIR,

I have the honour to state that the Executive Engineer, Water Supply Div[illegible] Bangalore, sent an estimate on 15-12-1942, for Rs [illegible] installing four fire hydrants at the places noted below, for the protection of timber yards as well as the surrounding buildings at the time of accidental fire

1 in front of saw mills, Binny Mills Road
2 near public tap in Kemmannugundi Road
3 in front of Jubilee Saw Mills, Cottonpet Road
4 in front of Timber Yard, Cottonpet Road

The subject was placed before the Managing Committee who have resolved that in view of the slender finances of the Municipality, it is desirable that the Government should be approached for necessary finances as it is a war time measure This was approved by the Council at their meeting held on 27-3-1943, vide copy enclosed Copies of the report of the Executive Engineer, explaining the need for the work in question, as also the details of their location together with a copy of the Executive Engineer's letter No 2567/12-12-1942, addressed to the A R P Officer in this connection, are enclosed for reference

I request that orders of Government may be kindly obtained to the resolution of the Council

I have the honour to be,
Sir,
Your most obedient servant,

Forwarded with compliments

6/5/43

Municipal Commissioner

Letter No 2567 dated 12-12-1942, from the Executive Engineer, water Supply Division, Bangalore, to the A R P Officer, Bangalore

---

With reference to the personal conversation between the Inspector General of Police and yourself and myself during the last A R P practice, I have the honour to forward herewith an estimate for Rs 2,225/- for installing four Fire Hydrants in the timber yards between Kengerigate Police Station, Father Braunds Church Circle, Mysore Police Lines and the Binny Mills, for favour of arranging early sanction

Regarding the funds for executing this work it is not known whether the Government has to sanction this through the Inspector General of Police or the Municipality has to meet the same

Report accompanying the estimate for Rs 2,225/- for installing four Fire Hydrants in the premises of the timber yard area between Binny Mill Road and Father Braind's Church and Cottonpet Road, Bangalore City

---

The installations of four Fire Hydrants in the above area are quite essential for the protection of timber as well as surrounding buildings at the same time of accidental fire

Hydrant No 1 There is a 3' C I scour line for the 18' main which will be extended for about 135 feet and an Hydrant will be fixed in the end as shown in the enclosed plan

Hydrant No 2 This will be installed in front of saw Mills in the area of timber yard to the east of Binny Mill Road as shown in the enclosed plan A 3' pipe line will be laid for about 216 feet from the 18' main running in Binny Bill Road The 3' line will be connected to the 18' main with a 3' bore with Saddle joint

Hydrant No 3 This will be installed opposite to Jubilee Saw Mills and Wood Works and in the foot path as shown in the plan A 3" pipe line is proposed to be laid for about 162 feet from Father Braind's Circle towards north up to the spot of hydrant This 3" line will be connected to 15' main with a 3" bore and saddle joint

Hydrant No 4 This will be installed in front of timber yard to the west of Cottonpet road by laying a 3' pipe line branching from 6" main running in the same road

Provision is made for necessary materials required for completing these works

It is not known whether the cost of this will be borne by Government or from the City Municipality, Bangalore In case the cost has to be met out by the City Municipality, an establishment and audit charges at 12½% on the estimated amount will have to be added before countersigning the estimate
